SUMMARY

Full Stack Developer with 3+ years of experience building scalable and responsive web and mobile applications using Angular, React, React Native, and Node.js. Skilled in implementing MVC architecture, developing reusable components, and building RESTful APIs using Node.js. Proficient in JavaScript and Java, with a strong understanding of programming fundamentals. Experienced in working with microservices to improve scalability and maintainability. Proven ability to deliver high-performance features in Agile environments with clean, modular, and efficient code.

SKILLS

Languages: JavaScript, TypeScript, Java, SQL.

Frontend Technologies: Angular, ReactJS, React Native, Redux, HTML, CSS, Tailwind CSS, Bootstrap.

Backend Technologies: Node.js, Express.js, PHP, MySQL, MongoDB, Java.

Tools & Platforms: Git, Jira, Azure Devops, Postman.

EXPERIENCE

Deloitte

Mumbai, India

Full Stack Developer

October 2022 – Current

- Developed and maintained feature-rich Angular and ReactJS applications in the Transportation and Healthcare & Claims domains, improving system usability and client satisfaction.
- Led key module development in the Transportation app, enhancing operational efficiency through effective collaboration with cross-functional teams.
- Built reusable Angular components and templates, reducing code duplication and accelerating feature delivery by 30%.
- Implemented robust session management across forms, improving user experience and security.
- Utilized RESTful APIs and collaborated on backend services using Java.
- Focused on WCAG compliance and accessibility enhancements, boosting usability and keeping unit test coverage above 70%.
- Participated in Agile ceremonies, including story refinement, sprint reviews, and stakeholder demos, contributing to efficient development and ensuring 100% milestone completion.

Tech Stack: Angular, ReactJS, Redux, Git, Agile/Scrum, HTML, CSS, JavaScript, Jira.

Freelance

Remote, India

Full Stack & Mobile Developer

January 2021 – August 2022

- Developed Full Stack web and mobile applications for 5+ small businesses and personal projects, handling everything from UI design to backend implementation.
- Delivered responsive, secure, and high-performance solutions using modern JavaScript frameworks, optimizing application performance and achieving a 30% improvement in load times.
- Collaborated with clients to gather requirements, define features, and deliver quality results within tight deadlines, successfully completing 10+ projects on time with a 95% on-time delivery rate.

Key Projects:

Invoice Web Application  : Built a full-stack app for user registration, business/client/product management, and GST-compliant invoice generation. Implemented tier-based user roles with different access levels. Incorporated Razorpay for secure payments. *Tech Stack: Angular, Node.js, MySQL, Razorpay.*

Matrimonial Website  : Created a matchmaking platform with secure user registration, profile creation, and role-based access. Included admin dashboard, user approval, and partner search/filtering with 15+ criteria.

Tech Stack: React JS, Redux, Node.js, MongoDB, Express.js, Firebase

React Native Book Store  : Developed a mobile app for uploading, reading, and bookmarking books, with features like a built-in dictionary and vocabulary. Integrated Firebase for user authentication and Cloudinary for media handling.

Tech Stack: React Native, Node.js, Firebase, Cloudinary, MongoDB.

EDUCATION

Indira Gandhi National Open University (IGNOU)

Master of Computer Applications (MCA) • 2023 – 2025

All exams completed; degree expected by September 2025.

Thakur College of Science & Commerce

Bachelor of Science in Computer Science (B.Sc. CS) • 2019 – 2022

CGPA: 9.7 / 10

AWARDS & CERTIFICATES

- Received 5 awards at Deloitte for exceptional performance, project delivery, and team collaboration.
- Recognized for consistently exceeding expectations and delivering high-quality results across multiple engagements.
- **Udemy Certificate** – React JS Complete Guide for Frontend Web Development.
- **Udemy Certificate** – Angular – The Complete Guide.
